TEACHING

Assistant & Associate Professor, Human Development & Family Studies, Michigan State University

Parenting, HDFS 414. Designed and delivered large undergraduate course on the science and practice of parenting. Students learn about and compare personal experience and science as sources of knowledge related to parenting content, develop knowledge of child development from birth through early adulthood, the influences of parents/ families on development, and strategies for effective parenting. They complete increasingly challenging written assignments, and develop skills for analyzing and communicating about parenting topics. In Fall 2021, delivered in hyflex integrated in-person and online modes.

Social-Emotional Development Birth to 5: Biology, Relationship, & Culture, HDFS 826. Designed and delivered graduate course on early social-emotional development, integrating historical perspectives and current research across disciplines including biology, psychology, and anthropology.

Quantitative Observational Methods for Studying Behavior and Development: Build Your Own Coding System from Concept to Reliability, HDFS 924. Designed and delivered course on the history, principles, and practical issues involved in developing and implementing coding systems to measure behavior of individuals, dyads, and groups (e.g. classrooms). Students each develop their own coding systems for their own projects as part of the course, pilot testing their measures and assessing inter-coder reliability.

Assessment of Young Children, HDFS 421. Designed and delivered upper division undergraduate course on assessment of young children in the context of early child education, special

education, and early intervention; includes both selecting and interpreting standardized assessments, as well as creating alternative forms of assessment; course meets MI state standards for early child educators and those seeking a state of Michigan Early Childhood ZS Endorsement for General and Special Education.

Lilly Teaching Fellowship, Michigan State University, 2013-2014. As part of the Lilly Teaching Fellowship, designed and conducted a Scholarship of Teaching and Learning (SOTL) project titled, *Using technology to enhance quantitative literacy and effective decision-making among ECE students*, to enhance the learning outcomes HDFS 421. This project utilized tablet computer technology to enhance the immediacy and flexibility of students' interactions with quantitative assessment information in order to improve quantitative literacy outcomes.

Infant Development and Program Planning, HDFS 322. Developed and delivered upper-division undergraduate course to translate research to practice in infant and toddler development, education, and intervention; course meets MI state standards for early child educators and those seeking a state of Michigan Early Childhood ZS Endorsement for General and Special Education.

Teaching Fellow, Harvard Graduate School of Education

Emotional Development: Biology, Relationships, & Culture, H-137, Fall 2006. Co-Instructor with Kurt Fischer for large graduate seminar course, responsible for co-designing course content and assignments, delivering lectures, facilitating class discussion, using web-based course management, and grading student assignments.

Applied Data Analysis, S-052, Fall 2006. Held office hours and graded student assignments for large graduate statistics course on statistical analyses including building and comparing taxonomies of regression models, multilevel modeling, nonlinear regression analysis, binomial and multinomial logistic regression analysis, and others.

Instructor, Human & Community Development, University of California, Davis

Social and Personality Development, PSC 142/HDE 102, Summer 2004, Winter 2005, Summer 2005. Developed curriculum and delivered upper division course fulfilling GE writing requirements, supervised Teaching Assistants.

Contemporary American Family, HDE 110, Summer 2002, Spring 2005. Developed curriculum and delivered lecture course required for Human Development majors; 150 to 200 students, used web-based course management, supervised Teaching Assistants.

Field Experiences with Children and Adolescents, HDE 141, Winter 2003. Developed curriculum and delivered supervisory course fulfilling internship requirement for Human Development majors, supervised Teaching Assistant.

Family and the Life Cycle, HDE 15, Summer 2000. Developed curriculum and delivered lower-division lecture course.

Internship in Child Development Research, PSC 192/HDE 192, Fall 2004, Winter 2005, Spring 2005. Trained and supervised research assistants in applied child development research.

Introductory Research Conference, HDE 190C, Fall 2004, Winter 2005, Spring 2005. Facilitated small discussion course required for research assistants focused on theory and methods in child development research.

Teaching Assistant, Human Development, University of California, Davis

Field Experiences with Children and Adolescents, HDE 141, Spring 2000, Fall 2000, Winter 2001, Fall 2001.

Contemporary American Family, HDE 110, Spring 1998, Winter 2002.

Human Sexuality, HDE 12, Summer 2003.

Teaching Assistant, Psychology and Philosophy Departments, Simpson College

Introduction to Psychology, Fall 1995, Fall 1996.

Introduction to Western Philosophy, Spring 1996, Spring 1997.

Marriage and Family, Spring 1996.

Human Sexuality, Spring 1997.

Invited Class Lectures

Signs of Emotion: What can preverbal children “say” about emotion? And what can we learn from what they say? Methods and Concepts in Research on Development of Emotion and Cognition, Harvard Graduate School of Education, October, 2005.

Child Development and Public Policy, Contemporary American Family, UC Davis, June, 1998, March, 2002, June, 2004.

Symbolic Gesturing in Language Development, Cognitive Development, Sacramento State University, February, 2003.

Domestic Violence in the American Family, Contemporary American Family, UC Davis, February 2002.

Symbolic Gesturing as a Caregiving Tool, Field Experiences with Infants and Toddlers, UC Davis, January, 2001.

Integration of Theory and Research in Child Development, Research Methods, Simpson College, March, 2000.

Cognitive Development in the Infant Garden, Field Experiences with Infants and Toddlers, UC Davis, April, 2000.

Peer-Tutoring Program Director, Simpson College, Fall 1995 – Spring 1996. Managed peer-tutoring program required for 50+ students on academic probation. Recruited and trained peer-mentors; paired mentors and mentees; implemented weekly accountability system for mentors and mentees; tutored 3 mentees.

SCHOLARLY LEADERSHIP

Co-chair, Infant/Toddler Professional Competencies Workgroup, *Michigan Stakeholders: Career Pathway for Infant Toddler Workforce*, Office of Great Start Michigan Leadership Team, and the National Center on Early Childhood Development, Teaching and Learning. September, 2017

Higher Education Representative, *Michigan Stakeholders: Career Pathway for Infant Toddler Workforce*, Office of Great Start Michigan Leadership Team, and the National Center on Early Childhood Development, Teaching and Learning. Appointed June 2017 for ongoing service role.

Advisory Panel Member and Presenter, *Developing and Assessing Competencies for Teachers and Caregivers Serving Infants and Toddlers*, Office of Planning, Research, and Evaluation (OPRE), Administration for Children and Families (ACF), January 4, 2017 in Washington, D.C.

Member, *Home-Based Early Care and Education Workgroup*, Child Care Policy Research Consortium (CCPRC) 2015 –

This group is convened by the US DHHS Administration for Children and Families (ACF), and supported by the Office of Planning, Research, and Evaluation (OPRE) and the Office of Child Care (OCC) in order to increase the nation's capacity for high quality, informative child care research.

Steering Committee Member, *Network of Infant/toddler Researchers (NITR)*, 2015 –
The Steering Committee of NITR plans the direction of the NITR group; it is composed of national infant/toddler experts and OPRE representatives.

Member, Network of Infant/toddler Researchers (NITR) 2013 –2015

This group is convened and funded by the US DHHS Administration for Children and Families, Office of Planning, Research, and Evaluation (OPRE) in order to serve as an advisory group to the funding agency. Members of this national group of researchers all study infants and toddlers with a focus on translational issues.

Founder and Coordinator, *Collaborative for Understanding the Pedagogy of Infant/toddler Development (CUPID)*. 2013 –

Convened and coordinate a group of 50 faculty from 25 universities to pursue a collaborative Scholarship of Teaching and Learning (SOTL) project on the professional development and education of pre-service early child professionals specializing in working with infants/ toddlers. After a first meeting at SRCO 2013, this group has developed: a) a set of core competencies for infant/toddler professionals, b) a set of shared measures for the core competencies, c) a research plan to study our own teaching and our students' learning as they progress through our programs and into the field. In January, 2014, we were invited to present the project at the meeting of the Network of Infant Toddler Researchers, at the U.S. Department of Health and Human Services, Administration for Children and Families, Office of Planning, Research, & Evaluation. In spring 2014, we completed a pilot study of students and faculty at 5 universities; initial results were presented at WAIMH and HSRC 2014. Between 2015 and 2017 we collected data from more than 4,000 students across 12 universities; during that same period the group generated 5 publications. In 2017 we received our first grant from the Foundation for Child Development (\$30,000) to clean and manage our datasets and prepare them for analysis.

Founder, *International Infant Sign Researchers (IISR) Group* 2008 -

Founded, manage, and facilitate a group of more than 30 scholars from 13 different countries who are each interested in the study of infants' use of symbolic gestures, aka, "infant signs." Countries include Canada, Chile, England, France, Germany, Israel, Italy, Macau (China), the Netherlands, Scotland, South Korea, Spain, and the United States. The group collaborates on conference presentations, grants, and international/ cross-cultural research projects.

GRADUATE RESEARCH EXPERIENCE

- Graduate Student Investigator, *Effects of Symbolic Gestures as a Caregiving Tool*, 2001 - 2004
Yolo County Early Head Start and University of California, Davis.
- Research Assistant, (PI: Lawrence Harper), *The Infant Garden Study*, 1997 - 2004
Center for Child and Family Studies, University of California, Davis.
- Post-Graduate Researcher, (PI: Curt Acredolo), *FFA/FFH Phase II Study*, UC Davis 2001 - 2002
for the California Department of Social Services, Foster Care Branch,
- Pre-doctoral Student Investigator, *Gesturing as a Caregiving Tool*, 1999 - 2001
Center for Child and Family Studies Infant Program, University of California, Davis.
